Through our agreement with Securitas, a world leader in security, your sites can be monitored 24/7. This service monitors sites for events, reports criminal activities to local police and authorities and backs up all video to off-site storage that can be later used as evidence. This is a complete ease of mind solution that is both a proactive response to rising trends and a preventative means to deter criminal behavior. It is designed specifically to be easy to setup - one person can do it - and its user friendly system makes operation simple.
